MAIN EVENT PLAY-OFF BRACKET

CONSOLATION CUP PLAY-OFF BRACKET

RULES & SYSTEM OF PLAY

1. System of play (groups + play-offs)
16 teams are divided into 4 groups of 4. In the group, a Round Robin is played. Each team also plays one additional cross-group game as indicated in the schedule.
After RR + cross-group game, the ranking in the groups will be based on:
1. number of wins
2. direct game result
3. DSC
Teams ranked 1st and 2nd in their groups qualify for the Main Event quarterfinals. Group winners will be ranked Q1-Q4 according to DSC, runners-up will be ranked Q5-Q8 according to DSC. Teams ranked 3rd and 4th in their groups qualify for the Consolation Cup quarterfinals. Teams from 3rd places will be ranked q1-q4 according to DSC, teams from 4th places will be ranked q5-q8 according to DSC.

2. Game timing
All games are 8 ends with extra end(s) if necessary. Games are played with time clocks. Each team receives 22 minutes of thinking time. Each team has the right to call one 60-second time-out during each game and one 60-second time-out in each extra end (please give a clear T sign to the umpire). Travel time is **10 seconds** for home end and **45 seconds** for away end.
Mid-game break is 3 minutes. All other breaks are 1 minute and 30 seconds.

3. Pre-game practice + LSD + LSFE
For the Round Robin and cross-group games, the pre-game practice starts 18 minutes before the scheduled game time. Each team has 5 minutes of practice. The team named first in the schedule has the first practice and dark coloured handles.

LSD: at the end of the practice the team plays two LSD shots (first clockwise, second counter clockwise, delivered by different players, 1 minute per shot) to the home end. The team with the lesser LSD total will have the choice of delivering the first or second stone in the first end of the game.

For the play-off games, the higher seeded team has the choice of stone colour and playing last stone in the first end. The team delivering the last stone in the first end practices first. The pre-game practice starts 10 minutes before the scheduled game time. Each team has 5 minutes of practice.

4. DSC
DSC is the average distance of the 7 best individual Last Stone Draw stones which were delivered by a team during the Round Robin + cross-group game (the single least favourable result is eliminated). No individual minimum requirements.

5. Positioned Stones
For every round the Organizer will mark two stones with dark markers and these stones will be used as "positioned" stones. For every game the team has the right to set aside one of the other six stones, which will not be used in that game. Please mark the unused stone with a light marker. Teams can change the unused stone from end to end.
Players are responsible for placing the positioned stones before each end.

6. Scoreboard
Please put the score immediately after the completion of an end. Please mark Power Play Ends with coloured plates.

7. Brushes
World Curling specifications for brushes in elite curling apply. Umpire or opposing team can check the brooms before the start of the game. No complaints about brushes will be accepted after the game has started unless a broom or pad/cover has been changed in the game.

8. Measures
Players may perform measurements themselves. Please signal to the Umpire if you need assistance.

9. Coach Benches
Coach benches are located at the home end next to the ice. Two team officials per team are allowed on the Coach Bench. Teams can communicate with their two team officials in accordance with the current World Curling rules.

10. Equipment/Broom Bags
No equipment shall be left unattended on the ice surface at any time. Broom bags may be stored overnight in the ice hall, on the ledge along the walls.

In all other matters not regulated in this document, the current World Curling "Rules of Curling and Rules of Competition" apply.
